

The EnTech CYCLONE 40 DC
DCD40-110
Serial # 20064003

Year.....	2006
Hours as of 12/31/08.....	1310
Filtrations.....	60filter, vertical top loading cartridge design
Filter Cleaning.....	Timed cycle reverse air pulse
Air Inlets.....	(6) total - 20" diameter (2) per side (2) rear
Air to Cloth Ratio.....	2.56:1 @ 40,000 cfm of air
Pulse System.....	Solid state, programmable timer board for reverse air pulse filter cleaning system
Drive.....	Belt drive with Twin Disc PTO
Filter Media.....	15,600 sq. ft. moisture resistant cellulose resin material (standard) Optional media available
Efficiency.....	99.8% @ 0.5 micron particle
Material Discharge.....	Hydraulically driven unloading augers
Dimensions (HxWxL).....	12'2" x 8'5" x 32'
Dry weight.....	18,000 lbs
Engine.....	155 HP John Deere 6068T, Tier 2 Compliant Enclosed engine compartment
Fan.....	BI-330 Non-Overloading Spark Resistant
Filtering Capacity.....	40,000 cfm @ 12" wc 17" wc ultimate draw
Fuel Capacity.....	120 Gallon
Electric System.....	12V dc
Brakes.....	Electric
Axles.....	(3) 8000 lb Torsion axles
Hitch.....	Pintle hitch coupler
High quality finish with DOT approved trailer lighting and reflective recognition tape
